## Self-Assessment

This document combines aspects of the ACECQA [Self-Assessment Tool](#) and the NSW Regulatory Authority online Self-Assessment Form.

The National Regulations (regulation 55) require an approved provider to develop a Quality Improvement Plan (QIP) within three months of being granted service approval. This must include:

1. service philosophy
2. assessment of the quality of service practices against the [National Quality Standard](#) (NQS) and the Regulations
3. identification of any areas that require improvement

This Working Document includes the requirements outlined above to meet Regulation 55 and 56. It will guide you through a self-assessment process and is an ongoing quality improvement planning document.

Information captured in this document will be easily transferable into the NSW Regulatory Authority online self-assessment form should your service opt in for *'self-assessment for quality improvement'*.

This document will allow you to reflect on the practices occurring at your service, including your service compliance in accordance with the [National Law and National Regulations](#) and your service quality against the NQS.

Self-assessment and quality improvement are most productive when those involved are open, honest and feel comfortable to be reflective and critical. Effective communication and positive workplace culture will allow everyone the opportunity to participate and have a voice. Having an open and honest approach will also ensure that, when you undergo assessment and rating, your service and staff are in the best position to showcase your service practice.

Self-assessment and quality improvement planning has benefits to service quality when a shared and collaborative process involving all members of the team and the service community occurs.

## Assessing Practice

An effective self-assessment involves reflection on each Quality Area in the National Quality Standard (NQS). It requires reflection and evaluation on service practice, policies and procedures to assist you to confirm minimum legislative compliance requirements are met, and whether the service is meeting the NQS. To support your understanding of the NQS and to help you self-assess, the [Guide to the National Quality Framework](#) includes a set of reflective questions for each NQS Quality Area and guidance for the exceeding themes.

Within each quality area it is important to capture:

1. **Regulatory Compliance** – analysing ‘*what you do*’ against the National Law and Regulations. Where regulatory requirements are assessed as ‘*Non-compliant*’, immediate steps must be taken to rectify the non-compliance.
2. **Strengths** – recording typical practices that make you proud and that you would like to showcase against the elements and standards. Your service’s key practices should reflect what you do at your service. When developing your key practice statements, consider how the authorised officer will confirm this practice (will they be able to sight, observe or discuss?). If not, think about how you could reframe this to make your practice visible. It’s important that your evidence/practice informs your self-assessment, rather than making an assessment and looking for evidence to support the outcome you’re looking for.
3. **Areas for improvement** – identify potential areas for improving practices.

In order to assess regulatory compliance it is recommended that you refer to the National Law, National Regulations and Guide to the National Quality Framework [Section 4: Operational Requirements](#).

**Note:** *Self-assessment should be an open, transparent and honest process that clearly reflects your service and informs planning for ongoing improvement.*

## Articulating key practices

Key Practices are things you do in your service that demonstrate your service quality against the National Standard (NQS). When referring to the Guide to the NQS, think about what your educators 'do' that is aligned with the elements in each standard. Consider the following:

**Observed:** Can the practice be seen?

**Discussed:** Can educators and staff talk about why and how particular practices occur at the service?

**Sighted:** Is there documented evidence to support your key practice statement?

**Regulatory and Quality practices-** Where you have identified that your service is meeting legislative requirements in this document, you do not need to outline your regulatory practices. Rather, describe your service's quality practices aligned to the element.

For example, in relation to **Element 2.1.3** where **Regulation 80** is marked as '**Compliant**':

*The weekly menu is displayed and accurately describes food and beverages provided to children.*

*Water is always served at mealtimes and accessible to children.*

Rather, you may like to consider other aspects of your practice which promotes healthy lifestyles including nutrition and physical activity. For example,

*Cooking experiences are included in the program promoting healthy eating and knowledge of nutrition.*

*Our four weekly rotating seasonal menu was reviewed by a dietician to ensure that it is consistent with the dietary guidelines.*

Exceeding themes will be visible through your key practices. You do not need to re-write theme descriptors as your practice, 'what you do' is your practice. Recording 'our approach is embedded' does not provide a clear example of how your practice aligns with the statement.

Key practices at an exceeding level should identify how what you do is **over and above** meeting practice. The Guide to the National Quality Framework [Section 3. National Quality Standard and Assessment and Rating](#) includes guidance for Exceeding themes at the end of each Standard.

For example, in relation to **Element 2.2.2**:

Our services approach to risk assessment and emergency management is embedded.

Educators engage in robust discussions.

*During induction all educators complete training on the use of emergency equipment and are walked through the lock down and evacuation procedures. A review of this process identified the need for a communication plan to ensure that all stakeholders are familiar with what is communicated before, during and after an emergency. Families were consulted and their feedback led to the plan being added to our website and key information provided to Fire & Rescue NSW.*

**Note:** *Authorised officers will confirm that your service is meeting minimum legislative requirements during the assessment and rating visit.*

## Guidance for Exceeding the National Quality Standard

A rating of Exceeding NQS means going **above and beyond** what is expected at the Meeting NQS level for a standard. The following three themes must be demonstrated in service practice for a standard to be rated as Exceeding NQS:

**Theme 1:** Practice is embedded in service operations

**Theme 2:** Practice is informed by critical reflection

**Theme 3:** Practice is shaped by meaningful engagement with families and/or the community

### Exceeding Theme 1: Practice is embedded in service operations

This theme means that high quality practice for the standard is demonstrated consistently and frequently across the service, regardless of the time of day or changes to staff. This ensures a sense of continuity and predictability for children.

For example:

- high quality practice is usual practice across the service
- quality practice is consistent across all educators
- each educator's practice reflects a clear understanding of the requirements of the standard
- practice for the standard reflects the service philosophy and the principles and practices of the approved learning frameworks.

### Exceeding Theme 2: Practice is informed by critical reflection

When practice is informed by critical reflection, educators consider, question, analyse and re-evaluate planning and decision-making for that standard. This supports a culture of ongoing self-assessment that helps identify continuous improvement and improved outcomes for children, families and educators.

For example:

- reflection on practice is regular and ongoing
- opportunities for improvements are identified and implemented
- educators are aware of the influences on their practice and are committed to ongoing learning
- decision-making processes draw on diverse perspectives.

### Exceeding Theme 3: Practice is shaped by meaningful engagement with families and/or the community

Every education and care service is unique, as are the children, families, and community at the service. This theme recognises that high quality practice is informed by and tailored to the unique strengths and needs of children, families and the community. This theme recognises differences across service types. For example, it is expected that services that educate and care for school-aged children may build strong relationships with the school and broader community and have fewer interactions with families compared to services that educate and care for younger children.

For example:

- practice reflects the voices and strengths of children, families and the community
- practice demonstrates shared decision-making and problem solving with families and/or the community
- practice suits the unique environmental, cultural and community context of the service
- practice fosters a culture of inclusiveness.

**Note:** To be rated Exceeding NQS overall, all quality areas must be at least Meeting NQS, and four or more Quality Areas must be Exceeding NQS, with at least two of these being quality areas 1, 5, 6 or 7.

## Service Philosophy

Your service's statement of philosophy should be a living document that is the foundation for daily practice. It should describe the core beliefs and values you hold for children and families as they apply to your delivery of quality education and care.

Your service philosophy should be the foundation for your approach to achieving quality outcomes for children and should be clear enough to guide your decision making and service practice.

## Self-Assessment Quality Areas

In each of the seven quality areas it is now time to add details of your service practices. In each quality area it is important to capture:

- 1. Regulatory Compliance** – where regulatory requirements are assessed as ‘no’ take immediate steps to rectify the non-compliance,
- 2. Strengths** - record the practices that make you proud and that you would like to showcase against the elements and standards, and
- 3. Areas for improvement** – identify potential areas for improving practices.

## Quality Area 1: Educational program and practice

The educational program and practice is stimulating, engaging and enhances children's learning and development. In services for children over preschool age, the program nurtures the development of life skills and complements children's experiences, opportunities and relationships at school, at home and in the community.

Quality Area 1 focuses on ensuring that the educational program and practice of educators are child-centred, stimulating and maximise opportunities for enhancing and extending each child's learning and development. It recognises that a quality program that builds on children's individual knowledge, strengths, ideas, culture, abilities and interests is likely to have long-term benefits for children and for the broader society.

Additional information and resources about Quality Area 1 are available in the [Guide to the National Quality Framework](#) and on the [ACECQA website](#).

## Quality Area 1: Standards and elements

<b>Standard 1.1</b>	<b>The educational program enhances each child's learning and development.</b>	
Approved learning framework	Element 1.1.1	Curriculum decision-making contributes to each child's learning and development outcomes in relation to their identity, connection with community, wellbeing, confidence as learners and effectiveness as communicators.
Child-centred	Element 1.1.2	Each child's current knowledge, strengths, ideas, culture, abilities and interests are the foundation of the program.
Program learning opportunities	Element 1.1.3	All aspects of the program, including routines, are organised in ways that maximise opportunities for each child's learning.
<b>Standard 1.2</b>	<b>Educators facilitate and extend each child's learning and development.</b>	
Intentional teaching	Element 1.2.1	Educators are deliberate, purposeful, and thoughtful in their decisions and actions.
Responsive teaching and scaffolding	Element 1.2.2	Educators respond to children's ideas and play and extend children's learning through open-ended questions, interactions and feedback.
Child directed learning	Element 1.2.3	Each child's agency is promoted, enabling them to make choices and decisions that influence events and their world.
<b>Standard 1.3</b>	<b>Educators and co-ordinators take a planned and reflective approach to implementing the program for each child.</b>	
Assessment and planning cycle	Element 1.3.1	Each child's learning and development is assessed or evaluated as part of an ongoing cycle of observation, analysing learning, documentation, planning, implementation and reflection.
Critical reflection	Element 1.3.2	Critical reflection on children's learning and development, both as individuals and in groups, drives program planning and implementation.
Information for families	Element 1.3.3	Families are informed about the program and their child's progress.

## Law and Regulations

The table below includes the sections of the National Law (S) and National Regulations (R) underpinning Quality Area 1.

Please assess whether your service is compliant or non-compliant in accordance with the [National Law and Regulations](#), relevant to your service type.

**NOTE:** If a law or regulation is not applicable to your service or service type, you are not required to select whether you are compliant or non-compliant.

Law (S) / Regulation (R)	NQS	Does your service meet legislative requirements?	Compliant / Non-compliant
<b>S168</b>	STD1.1	Is either the Early Years Learning Framework (EYLF) or My Time, Our Place: Framework for School Age Care used to guide the development of the program?	<input type="radio"/> Compliant <input type="radio"/> Non-compliant
<b>R.73</b>	STD1.1	Have you developed a program that contributes to each child's learning and development outcomes outlined by the learning framework?	<input type="radio"/> Compliant <input type="radio"/> Non-compliant
<b>R.75</b>	STD1.3	Is the information about the program displayed in a place at the service that is accessible to parents? Is a copy of the program available for inspection on request: <ul style="list-style-type: none"> <li>• at the service for long day care, preschool or outside school hours care, OR</li> <li>• at each educator's residence or venue for family day care?</li> </ul>	<input type="radio"/> Compliant <input type="radio"/> Non-compliant
<b>R.76</b>	STD1.3	If requested, do you provide families with: <ul style="list-style-type: none"> <li>• information about the content of the program and service routines and how they operate in relation to their children, including children's participation?</li> <li>• a copy of their children's assessment/evaluation documentation?</li> </ul>	<input type="radio"/> Compliant <input type="radio"/> Non-compliant

R.74	STD1.3	<p>If you have children who are preschool age or younger, do you document:</p> <ul style="list-style-type: none"> <li>• an assessment of each child's development, interests and participation in the program?</li> <li>• an assessment of each child's progress towards the program outcomes?</li> </ul> <p>If you have school age children, do you document:</p> <ul style="list-style-type: none"> <li>• how and why the education program has been developed to support all children to participate in the program.</li> </ul>	<input type="radio"/> Compliant <input type="radio"/> Non-compliant

## Quality Area 2: Children's health and safety

Every child's health and wellbeing is safeguarded and promoted.

Quality Area 2 reinforces children's right to experience quality education and care in an environment that provides for their health and safety. Educators support this when they promote each child's wellbeing and healthy lifestyle, and support each child's growing competence, confidence and independence.

Additional information and resources about Quality Area 2 are available in the [Guide to the National Quality Framework](#) and on the [ACECQA website](#).

### Quality Area 2: Standards and elements

<b>Standard 2.1</b>	<b>Each child's health and physical activity is supported and promoted.</b>	
Wellbeing and comfort	Element 2.1.1	Each child's wellbeing and comfort is provided for, including appropriate opportunities to meet each child's need for sleep, rest and relaxation.
Health practices and procedures	Element 2.1.2	Effective illness and injury management and hygiene practices are promoted and implemented.
Healthy lifestyle	Element 2.1.3	Healthy eating and physical activity is promoted and is appropriate for each child.
<b>Standard 2.2</b>	<b>Each child is protected.</b>	
Supervision	Element 2.2.1	At all times, reasonable precautions and adequate supervision ensure children are protected from harm and hazard.
Incident and emergency management	Element 2.2.2	Plans to effectively manage incidents and emergencies are developed in consultation with relevant authorities, practised and implemented.
Child protection	Element 2.2.3	Management, educators and staff are aware of their roles and responsibilities to identify and respond to every child at risk of abuse or neglect.

## Law and Regulations

The table below includes the sections of the National Law (S) and National Regulations (R) underpinning Quality Area 2.

Please assess whether your service is compliant or non-compliant in accordance with the [National Law and Regulations](#), relevant to your service type.

**NOTE:** If a law or regulation is not applicable to your service or service type, you are not required to select whether you are compliant or non-compliant.

## Quality Area 3: Physical environment

The physical environment is safe, suitable and provides a rich and diverse range of experiences which promote children’s learning and development.

Quality Area 3 of the NQS focuses on the physical environment. The physical environment is critical to:

- contributing to children’s wellbeing, creativity and developing independence
- providing a diverse range of experiences that promote children’s learning and development
- keeping children safe
- creating/organising spaces to reduce the risk of injury.

Additional information and resources about Quality Area 3 are available in the [Guide to the National Quality Framework](#) and on the [ACECQA website](#).

### Quality Area 3: Standards and elements

<b>Standard 3.1</b>	<b>The design of the facilities is appropriate for the operation of a service.</b>

## Quality Area 4: Staffing arrangements

Staffing arrangements create a safe and predictable environment for children and support warm, respectful relationships. Qualified and experienced educators and co-ordinators encourage children’s active engagement in the learning program. Positive relationships among educators, co-ordinators and staff members contribute to an environment where children feel emotionally safe, secure and happy.

Quality Area 4 focuses on the provision of qualified and experienced educators who develop warm, respectful relationships with children, create predictable environments and encourage children’s active engagement in the learning program. A collaborative and ethical culture where professional standards guide all aspects of practice is critical to a quality service.

Additional information and resources about Quality Area 4 are available in the [Guide to the National Quality Framework](#) and on the [ACECQA website](#).

## Quality Area 7: Governance and Leadership

Effective leadership contributes to sustained quality relationships and environments that facilitate children’s learning and development. Well documented policies and practices that are developed and regularly evaluated in partnership with educators, co-ordinators, staff members and families contribute to the ethical management of the service. There is a focus on continuous improvement.

Quality Area 7 focuses on effective leadership and governance of the service to establish and maintain quality environments for children’s learning and development. Effective leaders establish shared values for the service that reflect the service context and professionalism and set clear direction for the service’s continuous improvement. Governance refers to the systems in place to support effective management and operation of the service, consistent with the service’s statement of philosophy.

Additional information and resources about Quality Area 7 are available in the [Guide to the National Quality Framework](#) and on the ACEQA website.

## Quality Area 7: Standards and elements

<b>Standard 7.1</b>	<b>Governance supports the operation of a quality service.</b>	
Service philosophy and purpose	Element 7.1.1	A statement of philosophy is developed and guides all aspects of the service's operations.
Management systems	Element 7.1.2	Systems are in place to manage risk and enable the effective management and operation of a quality service.
Roles and responsibilities	Element 7.1.3	Roles and responsibilities are clearly defined, and understood, and support effective decision-making and operation of the service.
<b>Standard 7.2</b>	<b>Effective leadership build and promotes a positive organisational culture and professional learning community.</b>	
Continuous improvement	Element 7.2.1	There is an effective self-assessment and quality improvement process in place.
Educational leadership	Element 7.2.2	The educational leader is supported and leads the development and implementation of the educational program and assessment and planning cycle.
Development of professionals	Element 7.2.3	Educators, co-ordinators and staff members' performance is regularly evaluated and individual plans are in place to support learning and development.
